### MEMBERSHIP

Our membership year runs July 1st through June 30th and membership dues are collected on July 1st of each year. The membership fee is \$105 per year and includes one gate key per application. Applications have been sent to current members so please get your applications and payment back to ensure prompt receipt of the new gate key.

As part of membership we need to budget and plan for the betterment of the Gun Club. Therefore, a Budget Committee and Project Committee will be created to accomplish the fulfillment of these needs. There is one space available on the Project Committee and two spaces available on the Budget Committee. If you are interested in serving on either of these committees please contact Lurlyn Patrick. The date for each committee meeting has not been set yet, however, it is hoped to take place between July 26 and July 21. After the committee has met the proposed budget and proposed project list will be presented to the board for approval.

NEWPORT PAWN SHOP  
224 SW Coast Hwy, Newport OR

### JULY WORK PARTY

The July work party will be general clean-up of the rifle and archery range. Hopefully installing some of the range markers will also take place. There will also be a class on operating the water tender.

ALAN BROWN TIRE CENTER  
DBA LES SCHWAB TIRE CENTER

415 NW A Street, Toledo OR (541) 336-1611

### JUNE WORK PARTY

The June work party was mowing the range, the damper was installed in the wood stove, targets were fixed and general tidying of the range.

### RANGE ORIENTATION

June 5th will be the next range orientation. For new members or those who would like to participate,

PRP PRIVATE SECURITY  
J. Mark Cummiskey DPSST 66252  
(541) 270-3346 24 hrs.

please be at the range classroom at 9:00 am.

### THE POISONOUS SNAKE

One fall I hitched the mules up to my wagon, threw in my cross cut saw, wedge and maul and headed to Indigo to cut a load of firewood. Just as I was pullin into the prairies I heard a noise that I didn't like. It was a rattlesnake and he was close. I stopped the team and listened real good. I could tell by listening to the rattles when the snake was goin to strike. I waited until just the right moment and then pulled back hard on the reins and them mules reared right up and the snake struck right under the lead mule and nailed the wagon tongue. I jumped down and unhitched the mules as fast as I could and then got my cross cut out of the wagon and started sawing on the wagon tongue. It was swelling really fast. The sweat was really running. I got'er sawed off just in time to save the wagon. I chopped down a cedar pole and made a new wagon tongue. Then I sawed the old swelled up wagon tongue into blocks and worked it up. It took me three trips to get all the wood out of there. Got most of my winter wood supply out of that one wagon tongue. I don't know where them Indigo snakes all their poison.
