### Two New Anti-Gun and One Anti-Hunting Initiative Petitions Introduced

as reported by Oregon Gun Owners ([www.ogo.org](http://www.ogo.org))

While Initiative Petition 13 has not yet received enough signatures, Initiative Petitions 17 and 18 have submitted enough signatures to receive a ballot title from the Oregon Attorney General for the November 8, 2022, General Election. The titles are due to be published by June 24 and comments are due July 9.

- Initiative Petition 13 would criminalize the killing of animals for food purposes, effectively banning hunting in the state.

*Draft Ballot Title* – “Prohibits injuring or killing animals, most breeding practices; self-defense exceptions. Redefines animal abuse crimes”

- Initiative Petition 17 would require Oregonians to apply for a “permit-to-purchase” a firearm and require the Department of State Police to maintain an electronic database of permits with notes on what permits are expired or revoked. Additionally, IP 17 would limit magazines to 10 rounds of less to “promote the public health and safety of the residents of this state.”

*Draft Ballot Title* – “Requires permit to acquire firearms; creates permit database; prohibits ammunition magazines over ten rounds; exceptions.”

- Initiative Petition 18 would outright ban a huge variety of firearms and accessories, require registration of semiautomatic firearms within 180 days of enactment, and require the Department of State Police to maintain a “semiautomatic assault firearm registration.”

*Draft Ballot Title* – “Prohibits manufacturing/ possessing/ transferring many semiautomatic firearms; criminal penalties; limited exception if existing firearms registered.”

Oregon Gun Owners has been protecting firearms rights in Oregon for over 43 years. Our philosophy is clear and simple: to preserve our right as a free people to own and use firearms for legitimate purposes including self-defense, collecting, target shooting and hunting

### February Work Party

Work scheduled will be organizing the conex containers by the classroom. Jim and Mark made repairs on the doors and leveled the containers so it should be easier to work on.

### Range Update

A big thank you to Bill, Mark and Jim for all the work that has been completed outside of the normal range work party's. A target holder has been installed at the 200 marker on the Rifle Range. The backstop as well as new parking barricades have been installed at the Archery Range.

Water drainage will continue to be worked on throughout the Rifle Range, especially between the 200 and 300 markers. This will mean moving dirt, digging ditches and grading some areas.

In December the Board approved the purchase of a welder. The welder has been purchased and now they are working on building a trailer for it so repairs can be completed on site.

If you would like to assist Bill, Jim or Mark with any project during the month let them know.
