PRESIDENT'S MESSAGE

I am looking forward to the concreting the rifle range. The schedule is to empty the shed and set up a temporary firing line on Saturday August 5th, do all the prep and forming the next week and pour the back of the shed on August 12th. I have a pump lined up for that day and need at least four people for four hours to help. I am looking for volunteers for all of these days. Going to pour the front of the shed on Tuesday August 15th and again on Thursday August 17th. I can use about four people for four hours on those days to help. The more we can save on the rifle range means the earlier we can start the 50 yard shed. We have a good set of officers and a lot more participation by the members which bodes well for the future of the range.
