PRESIDENT'S MESSAGE

The rifle range is coming along slowly, rock was placed in front of the shed. This will help keep the range clean. Working on the store/event room - the window worked well during the Sight In Days. Removed the pile of scrap metal and cleaned up the area on range day. Still have to place the poles to reverse the garage door slide. When we do that we will make a covered place for the firewood. Going to try to install the wood stove in the next few weeks and clean up the back of the shed some more. Check the website for any scheduled projects.

Jim Patrick

"Thanksgiving is one of my favorite days of the year because it reminds us to give thanks and to count our blessings. Suddenly, so many things become so little when we realize how blessed and lucky we are."

— Joyce Giraud

Gratitude unlocks the fullness of life. It turns what we have into enough, and more. It turns denial into acceptance, chaos to order, confusion to clarity. It can turn

a meal into a feast, a house into a home, a stranger into a friend. Gratitude makes sense of our past, brings peace for today and creates a vision for tomorrow.
