Go to the website www.btrpc.com and check the calendar for updates before going to the range.

Range Manager's Notes

It's that time of year where it's too soggy to move forward with any projects. We are mostly doing maintenance on targets and keeping the water flowing off the ranges. Please be sure to bring in your paper and cardboard targets when finished so they don't turn into mush. Thank you.

Mark Mills

President's Message

We have been dormant for the last two months mostly due to weather. We did an on-site board meeting which we went over the mid-year budget and new project list. We are doing real good on the budget and will present an update at the next meeting. We will be going over the project list and prioritizing for the next year. We hope to have some dollar figures for each line item by then. We would like more input on any project members would like to see on the range. Hope to see you at the next meeting.

Jim Patrick

Upcoming Event

Mark your calendar for May 11, 2024 for the Non-Lead Ammunition Testing Day. See flyer for more information

"The key to being prepared for the unknown isn't about predicting the future, but about developing an unwavering resilience and composure to confront whatever may arise."

— Marcus Antonius Aurelius

The Big Timber Rifle and Pistol Club would like to invite you to join us for a **non-lead ammunition testing day!** This event is hosted in cooperation with the Lincoln County Chapter of the Oregon Hunters Association and the Non-lead Hunting Education program.

May 11, 2024
9:00 am
Big Timber Rifle and Pistol Club
Siletz, OR

The range day will include a **ballistic demonstration** of lead and non-lead ammunition, and a discussion on research examining how lead affects wildlife. The ballistic demonstration involves shooting lead and non-lead bullets into ballistic gels and water to examine performance. **Attendees will be able to test non-lead ammunition at no cost until 3:00 pm, so bring your rifle!**

email: hannah.dinell@oregonzoo.org

Lincoln County Chapter
Oregon Hunters Association
Protecting Oregon's Wildlife, Habitat and Hunting Heritage

The Non-Lead Hunting Education program was established in 2015 and funded by the Oregon Zoo and ODFW. This program focuses on outreach, education, and incentive programs to increase the voluntary use of non-lead ammunition in the state of Oregon. Voluntary use of non-lead ammunition can help protect the future of hunting by continuing hunters' legacy as good stewards of the land and wildlife.
