

The Big Timber Rifle and Pistol Club would like to invite you to join us for a **non-lead ammunition testing day!** This event is hosted in cooperation with the Lincoln County Chapter of the Oregon Hunters Association and the Non-lead Hunting Education program.

May 11, 2024

9:00 am

**Big Timber Rifle and Pistol Club
Siletz, OR**

The range day will include a **ballistic demonstration** of lead and non-lead ammunition, and a discussion on research examining how lead affects wildlife. The ballistic demonstration involves shooting lead and non-lead bullets into ballistic gels and water to examine performance. **Attendees will be able to test non-lead ammunition at no cost until 3:00 pm, so bring your rifle!**

Protecting Oregon's Wildlife, Habitat and Hunting Heritage

The Non-Lead Hunting Education program was established in 2015 and funded by the Oregon Zoo and ODFW. This program focuses on outreach, education, and incentive programs to increase the voluntary use of non-lead ammunition in the state of Oregon. Voluntary use of non-lead ammunition can help protect the future of hunting by continuing hunters' legacy as good stewards of the land and wildlife.
