President's Message

50 Yard Building Construction Has Begun

Bill Henderson, Mark Mills, Jim Patrick and Bill Jernigan

We started the 50 yard Building Construction late July. We will be working on it for the next two weeks starting Tuesday the 27th. We are planning on doing the first concrete pour on range day, September 7th.

Maybe the second pour on Saturday the 14th.

Contact Jim Patrick, 541-270-2767 if you will be able to help. We will also be working on the wood shed roof on the west side of the rifle range. We will be ordering metal roofing for both. With some luck we should

be done with both projects by the end of September.

If you have not seen our new berm on the west side of the rifle range, it is impressive. It also did not cost us anything. Always

Construction was doing a project for the Siletz Tribe and needed to dispose 16,000 yards of dirt. They took down the trees, some of which were milled to use on the 50 yard building. They also graded, laid and rolled the road from the street to the rifle range. The road is in the best shape ever in my memory. Really liking the progress we have been making in the last few months.

Jim Patrick

TURKEYSHOOT

November 28, 2024

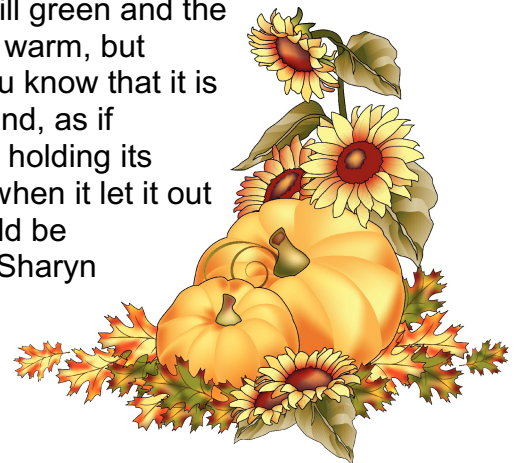

Details will be published next month in the newsletter and on the website.

Manager's Message

We are continuing to work on the 50 yard building. I want to remind everyone to use caution around the construction site. Also, deer hunting season starts October 5th so the sight in days will be the weekend before. There is \$5 fee per weapon sighted in, regardless if you are a member or not. As always, if you have any questions let me know.

Mark Mills

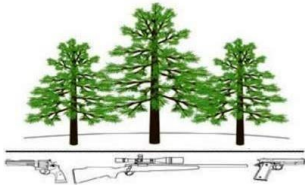

"There is a time in late September when the leaves are still green and the days are still warm, but somehow you know that it is all about to end, as if summer was holding its breath, and when it let it out again, it would be autumn." — Sharyn McCrumb

WANTED
